DATE MAILED: 05/17/99

Please find below a communication from the EXAMINER in charge of this application

Commissioner of Patents

The communication filed on **02/19/99** is not fully responsive to the communication mailed **01/31/99** for the reason(s) set forth on the previous attached Notice to Comply With the Sequence Rules. It should also be noted that 37 CFR 1.821 (a)(2)(c-d) states that each sequence disclosed must appear separately in the "Sequence listing" *and* in the text of the description and claims (i.e., where first mentioned in the specification). See MPEP 2431. In particular, the amendment in paper #11 to add SEQ ID NO:25 to page 11, line 10, remains not in compliance with the Sequence Rules, because SEQ ID NO: 25 is not the sequence, $LIX_1NNX_2TX_3X_4X_3X_1X_1$; nor does this sequence possess its own SEQ ID NO, as required.

Since the response appears to be **bona fide**, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication should be directed to Examiner **Robert C. Hayes**, Art Unit **1645**, whose telephone number is **703-305-3132**

Any inquiry of a general nature or relating to the status of this application should be directed to the Technology Center receptionist whose telephone number is (703) 308-0196.
